Author of the recently published book, *Soundflower: The Journey to Marry Science and Spirit*, Mandara will share passages from her book revealing the story of how she invented the sound technology device called the AMI 750. This is Klaus’ latest book in the series featuring Sarasota beach bum turned eco-warrior Christian Roberts and his alter ego Captain Nemo who stops at nothing to save endangered species. It is a timely topic as U.S. Fish and Wildlife seeks to remove them from the endangered species list in the lower 48 states, and there has been wholesale wolf slaughter in states that already have removed protection for the predators. The issue has made headlines with lawsuits from wildlife groups and celebrities like Leonardo DiCaprio advocating for gray wolves and funding initiatives to save them.

The Art of Divination

Susan Rushing and Scott Hutchcroft

It’s Halloween! It’s Halloween!
May the moon shine full and bright
And may see what can’t be seen on any other night.
Spirits share their secrets
Pendulums swing forsooth
On this night, as the veil grows thin
We seek to gain our truth.

Step into our candle’s glow for an evening of divination. Psychic Medium, Susan Rushing, and Crystal Wizard Scott Hutchcroft, will lead willing participants through various and curious divination techniques. Join us for this completely interactive and fun-filled workshop—if you dare.

Hot cider and supplies provided. Costumes are optional, clothing is required.

Thursday, October 31; 7pm to 9pm; $20
Space is limited. This event will sell out; reserve your spot today!
Pre-registration and payment strongly encouraged
