*Joy Goodman*

Joy was born with a creative spark and has always lived "outside of the box." At age 4, using multi-hued crayons, Joy scribbled the first masterpiece on her bedroom wall (her mother was less than thrilled!). The love for free artistic expression has been a part of her ever since!

**YOU ARE INVITED TO MY  
OPENING GALLERY CELEBRATION**

Along the way, she enjoyed a 30-year teaching career, created public speaking for kids, taught Courageous Living classes, and became a spiritual coach. Joy's passion has always been to liberate the unique expression within herself and others.

Bold, rich colors, a touch of whimsy, and messages that uplift and renew the spirit are present in her artwork. Each piece is infused with Love, Peace, and Joy.

May you be uplifted, soothed, and "tickled pink!"

## W.I.L.D. Women

Vicki Evans

W.I.L.D. in this case stands for Wise, Intuitive, Loving, and Divine. I believe that all women have the desire to make Wise choices and can be wise no matter their age. We are all Intuitive, even if you don't know it yet, you have that ability. Loving is something we all desire to be but with that we want the wisdom to make good choices and we want to use our intuition to guide us in making the best choices for us.

And then we come to Divine, divinity is your birthright, you were born connected to All That Is. You don't have to earn it, but you may need to overcome limiting beliefs that keep you from fully accessing your divinity.

If you are interested in growing spiritually, no matter your path, join us. If you are interested in developing your intuitive abilities, finding ways to be more loving, and wanting to embrace your own divinity, please join us. We will be helping each other grow.

We are not directly allied with any sect or denomination, though we recognize a shared view of many deities and spirits which, as we see it, are integral to our recovery and continued sobriety. Pagans In Recovery is not specific to any Twelve-Step program and is in no way designed to compete with or replace any. Rather, Pagans In Recovery is available to all who need it and to be used in conjunction with whatever 12 Step program we each may be involved in. ## Wisdom and Healing Through Shamanic Journeys

Vicki Evans

Would you like to be able to receive more guidance from the spiritual realms? Shamanic Journeys are a tool that shamans use to go to non-ordinary reality, to the places where they can have a strong and clear connection to their spirit helpers. Fortunately, you don't have to be a shaman to benefit from doing a Shamanic Journey.

In this group, you get the opportunity to sit back, listen to the soft and rhythmic beat of the drum and be guided into the spirit worlds where you are able to meet with guides who have come for you highest good and will bring wisdom and/or healing for you. Sometimes they come quietly with just a subtle presence so you know that you are in non-ordinary reality and allow you to relax and remember who you are without the stresses of the world. At other times they come with words or visions to bring forth the messages and healing for you.

No experience is necessary to join in, we will do two journeys and they will be guided unless everyone is experienced with the process and then only the first one is guided. You are welcome to bring a mat or blanket to stay warm or lay on during the journeys.

Register Here:

Thursday, February 22; 7:00pm to 8:30pm; \$25

### Rose Buds and Petals

ROSA-CANINA

Traditionally associated with Aphrodite, the goddess of love, the rose symbolizes passion, desire, love and sexuality within many cultures.

Have you ever wanted to raise your vibration and live the life you want?

Using the principles of vibration and frequency achieved with various instruments including quartz crystal sound bowls tuned to the 7-chakra system, tibetan bowls, gongs, didgeridoo, Tribal drums, ocean/rain simulators and chimes we can quiet the conscious mind and create our life from a higher vibration attracting all that we want and to live and experience peace.

These vibrations interact with your body at a cellular level and literally change you from within.

I guide a very specific flow of Yoga Nidra to help you unleash negative thought patterns, stale energy, sadness and gradually elevate you to a higher state of consciousness.
